

COMPANY PROFILE

ARCHON
MOVING LIFE FORWARD

ABOUT US

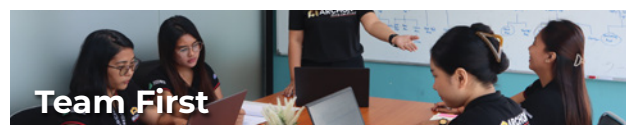

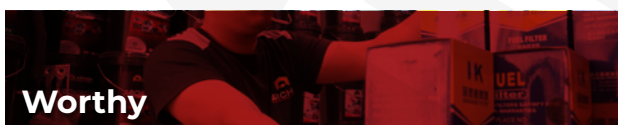

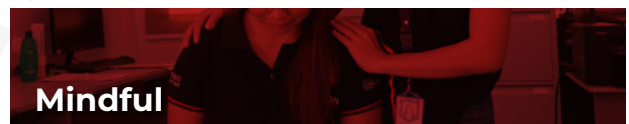

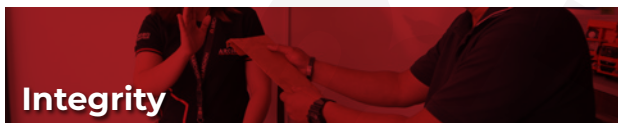

In 2014, Archon Inc. began as a small player in Davao City's truck trading scene. Founded by a group of partners with just three small trucks, they quickly navigated the challenges of growth to become the go-to place for top-quality trucks. Securing exclusivity from the Sinotruk Group in 2016 was a game-changer, leading to expansion into Cebu and Manila in 2017. By 2018, Archon was proud to be recognized as Sinotruk's top distributor nationwide, highlighting their commitment to quality, integrity, professionalism, and technical skills.

In June 2023, Archon formed a strategic alliance with Liugong, China's leading heavy equipment manufacturer. This partnership strengthened Archon's reputation as a trusted provider of high-quality trucks and heavy equipment. Their national network of service centers, equipped with the latest technology and skilled mechanics, can service over 1,500 vehicles each year. With branches in key locations, a mission to revolutionize after-sales service, and driven by a passion for growth and excellence, Archon is poised to become a nationwide leader in the Philippines.

OUR GOAL

“Transforming lives together by empowering growth for a better world”

BRAND PARTNERS

Howo, a leading brand under Sinotruk, is renowned for its robust and reliable heavy-duty trucks. Established in 1956, Sinotruk is one of China's largest truck manufacturers. The Howo series, launched in the early 2000s, is recognized for its advanced technology, durability, and cost-efficiency.

Howo trucks cater to diverse needs, from logistics to construction and mining, known for their powerful engines, fuel efficiency, and load-bearing capabilities. The brand continually innovates with modern safety features, comfortable cabins, and smart technologies.

With a global presence, Howo is trusted worldwide for reliable heavy-duty transportation solutions.

For over 65 years, LiuGong Machinery Corporation has been a leader in the construction equipment manufacturing industry in China. Since building its first wheel loader in 1996, LiuGong has evolved to become one of the fastest-growing global construction equipment companies in the world, offering a full line of intuitive, extreme-duty machines for construction equipment.

In response to the perpetual challenge for owners to achieve more with fewer resources, LiuGong fosters an environment where employees thrive through abundant opportunities for personal and professional growth. Committed to delivering superior products and services, LiuGong ensures customer satisfaction while driving financial success for its investors. Moreover, the company actively engages with and supports the communities it serves, embodying a holistic approach to sustainable business practices.
